| <p>1. Lightning and thunder
Magic and wonder
I don't know how but it did happen to me
You felt your heart was set free</p> <p>2. What a sensation
You're flying up high now
Sweet inspiration
You're going to the sky now
Couldn't believe I was dreaming
Couldn't believe it was true</p> | <p>3. Golden reflections
Giving directions
Bring the best that I have
Right out of me</p> <p>4. How in the world could this be
Filling your senses
With burning desire
Climbing the fences
That's taking you up higher
No I believe I can make it
Oh what a wonderful world</p> |

Refr. Diggi-loo diggi-ley
Life is going my way
When I'm walking in my golden shoes
Everything I ever dreamed of
has suddenly come true

Diggi-loo diggi-ley
Let this miracle stay
I could be whatever I would choose
Please don't wake me up I'm dreaming
of me in golden shoes

I know my dream was a fantasy illusion
But when I woke up I came to the conclusion
I can be what I want
Oh - oh
