Verse 1

As we hear the count we start up slow, like larva that now begin to flow
 Then let go, we done set it up perfect you know
 Then let the rhythm, start improving
 As we play, feel de sway, grooving, moving
 So now, we on de go, increasing the tempo
 Then we slam, jam, with soul, ram yuh hard for we music on a roll.

Chorus

Can you feel de momentum, emanating from de drum
 Feel de momentum, saying come
 Music on a roll, so we plan on taking control
 We don't plan to ever flop, never ever going to stop
 All the way till we reach the top
 Feel de momentum
 Feel de momentum
 Feel de momentum
 We moving on
 No opposition we run from
 We will not ever succumb
 Winners we will become
 For we have truly got the momentum.

Verse 2

Whenever there are walls that blocking you, you just need a little inertia
 Break them down, always you must never say never
 Like the Berlin Wall, a wall can fall
 David kill, Goliath, though small, recall
 A tot, with a slingshot, lick down, this big giant
 So then when, you, confront, hurdles you got to meet dem from the front.

Chorus

Verse 3

So now that we have your attention, we must give you this notification
 This session, we have embarked on a set mission
 This hot soca chime, makes you jump up
 Party time, join the lime, keep up, nonstop
 Larva, now on full flow, musical volcano
 Spouting flash, ash, explo', with venom and with furious momentum.

Chorus
