Love in Bloom

In the silence of the night
The flower sleeps.
Still in earth's silent beauty,
In darkness hiding until light.

Fiery flames of red and gold
Pierce the sky!
Darkness withers
And earth gives a sigh.

Florid beauty breaks through the ground,
Sunlight releases fragrance all around!
The sky, the ocean, and its waves echoing sound
Cast sparkling echoes of love all around!

My love for you will bloom
When it sings of joy
In harmony and daylight,
In comfort, and your sunlight!
